EDITORIAL STATEMENT

INFORMS Journal on Data Science is a peer-reviewed journal, aiming to publish top innovative and potentially impactful data science methodologies contributing to decision making in business, management, and industry. By curating and publishing state-of-the-art generalizable knowledge, *INFORMS Journal on Data Science* aims to provide a dedicated focal point for important data science research in socio-technical aspects of business, engineering, management, and industry, to benefit the scientific community, industry, and society at large. *INFORMS Journal on Data Science* strives to create an outlet that is aligned with data science authors' and readers' expectations in terms of focus, style, and language. Detailed instructions for authors can be found at <https://pubsonline.informs.org/page/ijds/submission-guidelines>.
