With 12,500 members from nearly 90 countries, INFORMS is the largest international association of operations research (O.R.) and analytics professionals and students. INFORMS provides unique networking and learning opportunities for individual professionals, and organizations of all types and sizes, to better understand and use O.R. and analytics tools and methods to transform strategic visions and achieve better outcomes.

Editor-in-Chief
Dr. David L. Woodruff
University of California, Davis
Graduate School of Management
Davis, California 95616-8609
phone: 530-752-0515
e-mail: dlwoodruff@ucdavis.edu

Area Editors

Applications in Biology, Medicine, & Health Care
Dr. Allen Holder
Rose-Hulman Institute of Technology
Department of Mathematics
5500 Wabash Aveneue
Terre Haute, Indiana 47803
phone: 812-877-8682
e-mail: holder@rose-hulman.edu

Book Reviews
Dr. Matthew J. Saltzmann
Clemson University
Department of Mathematical Science
Box 340975
Clemson, South Carolina 29634-0975
phone: 864-656-3185
e-mail: mjs@clemson.edu,
mjs@math.clemson.edu

Computational Probability & Analysis
Dr. Winfried K. Grassmann
University of Saskatchewan
Department of Computer Science
176 Thorvaldson Building
110 Science Place
Saskatoon, Saskatchewan S7N 5C9, Canada
phone: 306-966-4898
e-mail: grassman@cs.usask.ca

Constraint Programming & Hybrid Optimization
Dr. Michela Milano
Università di Bologna
Department of Electronics,
Computer Sciences and Systems
Viale Risorgimento, 2
40136 Bologna, Italy
phone: ++39 51 2093790
e-mail: michela.milano@unibo.it

Design & Analysis of Algorithms
Dr. Karen Aardal
Delft University of Technology
Delft Institute of Applied Mathematics
Mekelweg 4
2628 CD Delft, The Netherlands
phone: 31 15 27 84109
e-mail: k.i.aardal@tudelft.nl

Heuristic Search
Dr. Alice E. Smith
Auburn University
Industrial and Systems Engineering
Department
206 Dunstan Hall
Auburn University, Alabama 36849-5346
phone: 334-844-1400
e-mail: aesmith@eng.auburn.edu

Knowledge Management & Machine Learning
Dr. Ram Ramesh
Management Science and Systems
School of Management
University at Buffalo
325D Jacobs Management Center
Buffalo, New York 14260-4000
phone: 716-645-3258
e-mail: rramesh@acsu.buffalo.edu

Modeling: Methods & Analysis
Jean-Paul Watson
Discrete Math and Complex Systems
Department
Sandia National Laboratories

Albuquerque, New Mexico 87185-1326
e-mail: jwatson@sandia.gov

Simulation
Dr. Marvin K. Nakayama
New Jersey Institute of Technology
Department of Computer Science
Newark, New Jersey 07102
phone: 973-596-3398
e-mail: marvin@njit.edu

Network Optimization: Algorithms & Applications
Dr. David L. Alderson
Naval Postgraduate School
Monterey, California 93943
e-mail: dlalders@nps.edu
Dr. S. Raghavan
The Robert H. Smith School of Business
4345 Van Munching Hall
College Park, Maryland 20742
phone: 301-405-6139
e-mail: raghavan@umd.edu

Advisory Board
Dr. John W. Chinneck
Carleton University
Dr. Fred Glover
University of Colorado
Dr. Bruce L. Golden
University of Maryland
Dr. Harvey J. Greenberg
Dr. W. David Kelton
University of Cincinnati
Dr. Jan Karel Lenstra
Centre for Mathematics and Computer Science (CWI), Amsterdam
Dr. Thomas L. Magnanti
Massachusetts Institute of Technology

INFORMS Journal on Computing (ISSN 1091-9856) is published quarterly by INFORMS at 5521 Research Park Drive, Suite 200, Catonsville, MD 21228.

Periodicals postage paid at Baltimore, MD, and at additional mailing offices.

SUBMISSIONS
Submission of a manuscript is representation that the paper has neither been published nor submitted for publication elsewhere, and that, if the work is officially sponsored, it has been released for open publication. For papers that are accepted, the authors (or their employers—whoever holds the copyright) will be required to sign and send to the editor-in-chief an *Assignment of Copyright* form (available from the journal's website), transferring the copyright to INFORMS. If there are multiple authors, only one author's signature is needed on the Assignment of Copyright form, and it may be faxed to the editor-in-chief, or a scanned graphics file of it after it has been signed may be e-mailed to the editor-in-chief.

As a condition of final acceptance of a paper for publication in *INFORMS Journal on Computing*, the author(s) must indicate if their paper is posted on a working paper website, other than their own. They are responsible for assuring that, if any part of the paper has been copyrighted for prepublication as a working paper, the copyright can and will be transferred to INFORMS when the paper has been accepted. This includes both print and electronic forms of the paper. Authors should submit manuscripts directly to the appropriate area editor, or to the editor-in-chief if there is question about which area is appropriate. Papers should not be submitted to associate editors. There is no a priori page limit for *JOC*, but conciseness and clarity of presentation are important.

Electronic submission is *strongly* encouraged, but authors should first check with the person to whom the submission will be sent to ensure compatibility of file types (e.g., PDF, PostScript, LaTeX, Word) and transmission mode (e.g., e-mail attachment with a particular encoding, anonymous FTP). If it is necessary to submit hardcopy, please send five copies of the manuscript and alert via e-mail the person to whom the submission is being made. When a paper is accepted, authors are also asked to transmit the electronic file containing the text of the paper, as well as electronic or high-quality original hardcopy of any figures.

For more detail on *JOC*, including complete instructions on how to submit a paper, please visit http://pubsonline.informs.org/journal/ijoc and in particular the link there to Instructions for Authors.

OPEN ACCESS
Gold Option—The INFORMS Open Option (IOO) provides an open access alternative for articles accepted in any INFORMS journals that would have otherwise been available only through subscriptions or pay per view.
Green Option—Authors may post their author accepted manuscript (AAM) on personal websites immediately after acceptance, and may post AAMs in noncommercial institutional repositories 12 months after INFORMS publishes the final typeset version online; AAMs must include the DOI link provided by INFORMS to the version of record.

PERMISSIONS
Permission to make digital/hard copy of part or all of this work for personal or classroom use is granted without fee provided that copies are not made or distributed for profit or commercial advantage; the copyright notice, the title of the publication, and its date appear; and notice is given that copying is by permission of the Institute for Operations Research and the Management Sciences (INFORMS). Distribution through coursepacks is permitted provided that permission is obtained from INFORMS and a fee is paid. To republish, post on servers, or redistribute to lists requires prior specific permission and, in some cases, a fee. Address requests regarding reprint permission to the Institute for Operations Research and the Management Sciences, 5521 Research Park Drive, Suite 200, Catonsville, MD 21228, permissions@informs.org. To copy otherwise is permitted, provided that a per-copy fee is paid through the Copyright Clearance Center, 222 Rosewood Drive, Danvers, MA 01923, www.copyright.com.

2016 subscription prices for U.S. addresses per volume, print and online: institutions—$510, members—$85, students and retired members—$43. Additional subscription options and rates are available online at http://pubsonline.informs.org.

Printed in the U.S.A.

POSTMASTER: Send address changes to *INFORMS Journal on Computing*, 5521 Research Park Drive, Suite 200, Catonsville, MD 21228.
