DPMA Announces Availability of DATA PROCESSING, Volume VIII

The proceedings of the 1965 International Data Processing Conference held in Philadelphia this June are now available for sale in a 497-page, hard-bound edition entitled, DATA PROCESSING, Volume VIII. Sponsored by the Data Processing Management Association, the Conference consisted of 40 separate seminar sessions covering new applications, education and techniques in data processing.

Copies of DATA PROCESSING, Volume VIII, are available from Data Processing Management Association, 524 Busse Highway, Park Ridge, Illinois 60068, at \$5.75 per copy for non-members.

Petroleum and Chemical companies with process plants throughout the world are expected to develop world-wide systems utilizing satellites as communications media for the purpose of automatically controlling individual refineries and continuous process units in accordance with a coordinated master plan.

This projection is the result of a recent study on "Developments in Advanced Process Control Systems" by The Diebold Group, Inc., an international management consulting firm with headquarters at 430 Park Ave., New York City 10022.

Booklets from Hatfield College of Technology

The second edition of "A Directory of Computer Service Bureaux in the United Kingdom" compiled by J. T. Graham is available from the Hatfield College of Technology.

The second edition of "A Short Bibliography on Computer Applications in Commerce and Industry," compiled by C. R. Randall, is also available.

Information concerning these booklets can be obtained by writing: Hertfordshire County Council Technical Library and Information Service, Hatfield College of Technology, Hatfield, Herts, United Kingdom.

ANNOUNCEMENTS OF COURSES

American University 1965-1966 Institute Program

The Center for Technology and Administration of the American University has announced the dates and titles for Institutes to be offered during 1965 and 1966. A brochure, describing these Institutes, can be obtained by writing to the American University at 2000 G St. N.W., Washington, D.C. 20006.

Following is a summary of the topics and dates:

The Computer and Urban Affairs is the topic of an Institute to be offered November 8-10, 1965 at the Twin Bridges Marriott Motor Hotel in Washington, D.C. Fee is \$150.

On November 15-18, 1965 an Institute on Information Problems in the Pharmaceutical Industry will be offered at Drexel Institute in Philadelphia. Fee is \$175.

Also on November 15-18, the Fourth Short Course on Electronic Information

Displays will be offered at the Twin Bridges Marriott. Fee will be \$200.

The Computer Impact on the Law will be the topic on November 30-December 3, 1965 at the Twin Bridges Marriott. Fee for the course: \$175.

An Institute on Records Management will be offered December 6-10, 1965 in the National Archives Building, Washington, D.C. Fee: \$150.

On January 17-20, 1966, an Institute on Managerial Implications of Electronics in Publishing will be offered in the International Inn, Washington, D.C.

From January to June, seven other Institutes are planned covering: Cybernetics and Education, Information Storage and Retrieval, Information Displays, Research Administration, System Science, Indexing and Abstracting, and Archives Administration.

Information concerning any of the Institutes can be obtained from Paul W. Howerton, Director, Center for Technology and Administration, The American University, 2000 G St. N.W., Washington, D.C. 20006.

PERT/CPM Seminars

The Technical Training Division of the Independent Consultants Bureau is conducting a series of PERT/CPM Seminars in specified cities of the Southwest. Seminars will be conducted on the dates below:

6 November 1965, The Warwick, Houston, Texas

4 December 1965, The Royal Orleans, New Orleans, La.

More information concerning these and future Seminars can be obtained by writing the Technical Training Division, ICB, Box 5014, Fort Worth, Texas.

Course at UCLA

The 1966 Engineering and Management Course will be offered at the University of California at Los Angeles on January 23 to February 3, 1966.

Additional information and registration materials can be obtained from: Reno R. Cole, Coordinating Professor, Room 6266, Engineering Building II, University of California, Los Angeles, California 90024.

NSF and NATO Fellowships

Publication dates and deadlines for the BULLETIN Section made it impossible to call attention to the NSF and NATO Fellowships in the last issue of the BULLETIN Section. Closing dates for these fellowships for this year have passed.

Those desiring information about next year's NSF Fellowships should write: The Fellowships Section, Division of Graduate Education in Science, National Science Foundation, Washington, D.C. 20550.

Information concerning next year's NATO fellowships can be obtained by writing: The Fellowship Office, National Academy of Sciences, National Research Council, 2101 Constitution Ave., N.W., Washington, D.C. 20418.
