With 12,500 members from nearly 90 countries, INFORMS is the largest international association of operations research (O.R.) and analytics professionals and students. INFORMS provides unique networking and learning opportunities for individual professionals, and organizations of all types and sizes, to better understand and use O.R. and analytics tools and methods to transform strategic visions and achieve better outcomes. For more information on INFORMS, its publications, membership, or meetings visit <http://www.informs.org>

Milwaukee Chapter

The Milwaukee Chapter began the year with a second annual Management Night. The evening featured Raymond N. Carlen, Executive Vice President of Joseph T. Ryerson & Son, speaking to invited local executives and the chapter. His topic was "On Benefits for Management—Direct and Fringe".

The 1965-1966 season closed with a paper titled "Competitive Pricing—A Systematic Approach" given by Dr. Franz Edelman of RCA. At that meeting the officers for 1966-1967 were elected. They are:

Chairman: James Banton, Rex Chainbelt, Inc.

1st Vice Chairman: Alan G. Brown, A. O. Smith Corp.

2nd Vice Chairman: Don P. Moehrke, Cutler-Hammer Inc.

Secretary/Treasurer: Michael S. Noling, Arthur Andersen & Company,
5504 W. Elmhurst Drive, Mequon, Wisconsin—53092

Don P. Moehrke

NOTES ABOUT MEMBERS

A. BATTERSBY, Senior Lecturer, Cranfield College of Aeronautics, Cranfield, Bedford, has been appointed to a senior research fellowship in management studies at Balliol College endowed by the Institute of Directors, to be held jointly with a research fellowship at the Oxford Centre for Management Studies, from September 29, 1966.

RICHARD G. CANNING, president of Canning Publications, Inc. and publisher of the *EDP Analyzer*, has been appointed by the Data Processing Management Association to the six-member Certificate in Data Processing Advisory Council for a three-year term. He succeeds Lawrence A. Johnson whose term expired on July 1, 1966.

ELLIOTT M. FOX assumed the presidency of Audion Corporation of Ann Arbor, Michigan, effective August 1, 1966. He was formerly with Conductron Corporation. Audion is a manufacturer of audio visual equipment for the national and international educational and industrial market.

ROBERT M. GORDON, applications programming manager for Scientific Data Systems of Santa Monica, has been appointed as assistant director of the computer facility at the University of California, Irvine.

The UCI computer facility is involved in the application of modern computer systems to university administration, research, and instruction.

Gordon was formerly associate director of the computation center at Stanford University.

ARTHUR D. HALL, formerly with Bell Telephone Laboratories, has been appointed to the newly created position of Vice President and Chief Engineer of Jerrold Electronics Corporation, the largest subsidiary of The Jerrold Corporation. Hall will be responsible for all aspects of engineering currently being carried on by Jerrold Electronics.

LAURANCE G. LOCKE has been promoted from Associate Lecturer to Lecturer in the University of Rochester College of Business Administration. The promotion was effective September 1, 1966 and was in recognition of "outstanding services as a part-time member of our faculty during the last several years."

DANIEL B. MAGRAW has been appointed Director of the Economics and Management Sciences Division at North Star Research and Development Institute. He will be responsible for North Star's research in all phases of economics and management sciences—area and regional economics, industrial economics, techno-economics, marketing, new product planning, operations research and systems analysis.

BERTRAM E. RIFAS has joined the Matson Research Corporation, San Francisco, as a senior economic systems analyst. He was formerly manager of research for Pacific Intermountain Express, Oakland, California.

PAUL O. ROBERTS, JR., has recently assumed duties as Director of Research of the Transport Research Program at Harvard University. A former assistant professor of Civil Engineering at the Massachusetts Institute of Technology, he previously served as Engineer-in-Charge of the Electronic Computing Center for Michael Baker Jr., Inc., Consulting Engineers of Rochester, Pa.

O. M. SOLANDT, Chancellor of the University of Toronto, has been named Chairman of the newly created Science Council of Canada, which will "assess Canada's scientific and technological resources, requirements, and potentialities and make recommendations thereon" to the Prime Minister.

JOHN D. STELLING has been elected Vice President in charge of industrial engineering for the Thompson and Lichtner Co., Inc., 8 Alton Place, Brookline, Massachusetts 02146.

MERRITT ALVIN WILLIAMSON has been appointed Orrin Henry Ingram Distinguished Professor of Engineering Management and Director of Studies in Engineering Management in the School of Engineering of Vanderbilt University.
