MEETING ANNOUNCEMENTS

Symposium in Israel in September, 1967

An International Symposium on Automation of Population Register Systems will be held in Jerusalem, Israel, from September 25-28, 1967.

The Symposium is being organized by the Information Processing Association of Israel (IPA) under the patronage of the Minister of the Interior, and is being sponsored by the International Computation Centre (ICC) and the International Federation for Information Processing (IFIP).

For information write: Information Processing Association of Israel, P.O. Box 3009, Jerusalem, Israel.

Call for Papers

The Computer Personnel Research Group's Fifth Annual Conference will be held in Washington, D.C. in late June 1967. Papers concerned with research in the following major areas will be considered:

1. Identification and selection of computer personnel with emphasis on development and validation of selection instruments.
2. Training and development of computer personnel with emphasis on new or revised techniques.
3. Current and anticipated changes in knowledge and skills needed by computer personnel.
4. Problems and skills involved in management of computer personnel.

Authors are requested to submit a 300-word summary (problem procedure, results and conclusions) of their research to: Dr. Charles D. Lothridge, General Electric Company, 570 Lexington Avenue, New York, N.Y. 10022 by February 1, 1967. Authors will be notified of selection by March 1, 1967.
