Announcement and Call for Nominations

2007 M&SOM Best Paper Award

In 2007, *Manufacturing & Service Operations Management* (M&SOM) will begin an annual best paper award. Each year the journal will select one paper, published in one of the prior three volumes of M&SOM, as most deserving for its contribution to the theory and practice of operations management.

The journal seeks nominations for this award. For the 2007 best paper award, anyone can nominate any paper published in Volumes 6 through 8 of M&SOM. All nominations should be e-mailed to the Editor (msomeditor@wharton.upenn.edu) by March 16, 2007, and will be handled as confidential input to be used only for the purposes of this award. Each nomination should contain the following information:

- (1) Name, affiliation, and e-mail address of the nominator(s).
- (2) Bibliographic reference of the nominated paper.
- (3) Statement of support for the nomination. There are no formatting or length restrictions on this statement. Brevity is appreciated, but nominators should express their complete argument for their nomination. In particular, the nominator(s) should discuss the significance of the paper's current and future contribution to the theory and practice of operations management.

From the set of nominated papers, the Editor will select the recipient of this award in consultation with the journal's panel of associate editors. The recipient of the 2007 M&SOM best paper award will be announced at the Manufacturing and Service Operations Management Society's summer 2007 conference. A subsequent announcement will be published in the journal along with the paper's abstract and a statement from the Editor highlighting the paper's contribution.
