With 12,500 members from nearly 90 countries, INFORMS is the largest international association of operations research (O.R.) and analytics professionals and students. INFORMS provides unique networking and learning opportunities for individual professionals, and organizations of all types and sizes, to better understand and use O.R. and analytics tools and methods to transform strategic visions and achieve better outcomes. For more information on INFORMS, its publications, membership, or meetings visit <http://www.informs.org>

Appreciation to 2009 Referees

The Editorial Board would like to thank the following individuals who acted as referees for papers considered or published during the 2009 calendar year. Without their assistance, it would be impossible for INFORMS to publish a journal of high professional standards.

A

K. Aardal, Delft University of Technology
A. Abbas, University of Illinois at Urbana–Champaign
W. Adams, Clemson University
D. Adelman, University of Chicago
E. Adida, University of Illinois at Chicago
P. Afeche, University of Toronto
A. Agnetis, Università degli Studi di Siena
S. Ahmed, Georgia Institute of Technology
H.-S. Ahn, University of Michigan
M. Akan, Carnegie Mellon University
Y. Akcay, Koç University
Z. Aksin, Koç University
A. Alfonsi, Ecole des Ponts
G. Allon, Northwestern University
A. Alptekinoglu, Southern Methodist University
L. Alvarez, Turku School of Economics
C. Anderson, Cornell University
E. Anderson, University of Sydney
S. Andradottir, Georgia Institute of Technology
A. Angelus, Singapore Management University
S. Anily, Tel Aviv University
B. Ankenmann, Northwestern University
L. Aragone, National University of Rosario
V. Araman, New York University
C. Archetti, University of Brescia
N. Argon, University of North Carolina
B. Armbruster, Northwestern University
M. Armony, New York University
M. Armstrong, Brock University
L. Arozamena, Universidad Torcuato di Tella
J. Arts, Eindhoven University of Technology
B. Ata, Northwestern University
A. Atasu, Georgia Institute of Technology
M. Atkinson, Naval Postgraduate School
P. Auer, University of Leoben
V. Augusto, École Nationale Supérieure des Mines de Saint-Étienne
T. Avramidis, University of Southampton
S. Axsater, Lund University
G. Aydin, Indiana University
A. Azaron, University College Dublin

B

V. Babich, University of Michigan
B. Baesens, Katholieke Universiteit Leuven
N. Baeuerle, Institute for Mathematical Stochastics
A. Bagchi, Indian Institute of Science, Education and Research
H. Balakrishnan, Massachusetts Institute of Technology

B. Balcioglu, University of Toronto
R. Baldick, University of Texas at Austin
A. Barnett, Massachusetts Institute of Technology
O. Baron, University of Toronto
P. Barrieu, London School of Economics
C. Barz, University of Chicago
A. Bassamboo, Northwestern University
M. Baucells, Universitat Pompeu Fabra
A. Bayen, University of California, Berkeley
E. Bayraktar, University of Michigan
J. Beasley, Brunel University
T. Bedford, Strathclyde University
T. Begin, Ecole Normale Supérieure de Lyon
D. Beil, University of Michigan
A. Belloni, Duke University
S. Benjaafar, University of Minnesota
H. Benson, Drexel University
A. Bensoussan, University of Texas at Dallas
P. Berling, Växjö Universitet
L. Bertazzi, University of Brescia
O. Besbes, Columbia University
S. Bhatnagar, Indian Institute of Science
V. Bier, University of Wisconsin–Madison
S. Biller, General Motors
K. Bimpikis, Massachusetts Institute of Technology
E. Bish, Virginia Polytechnic Institute and State University
G. Blanchard, Fraunhofer FIRST
J. Blanchet, Columbia University
J. Boland, the Johns Hopkins University
F. Bonnans, Institut National de Recherche en Informatique et en Automatique
A. Boogert, Essent
R. Bordley, General Motors
M. Boschetti, University of Bologna
D. Bouyssou, Université Paris Dauphine
O. Boyabatli, Singapore Management University
J. Bradley, College of William and Mary
J. Branke, University of Warwick
M. Braun, Massachusetts Institute of Technology
D. Brown, Duke University
G. Brown, Naval Postgraduate School
E. Budish, University of Chicago Booth School of Business
S. Burer, University of Iowa
E. Burke, University of Nottingham
D. Burtraw, Resources for the Future
K. Bush, McGill University

C

L. Caccetta, Curtin University of Technology
A. Cadenillas, University of Alberta

B. Cadre, Ecole Normale Supérieure de Cachan Bretagne
R. Caffisch, University of California, Los Angeles
X. Cai, the Chinese University of Hong Kong
G. Calafiore, Politecnico di Torino
R. Caldentey, New York University
J. Campbell, University of Missouri–St. Louis
M. Carlyle, Naval Postgraduate School
F. Caro, University of California, Los Angeles
G. Casale, College of William and Mary
J. Castro, Universitat Politècnica de Catalunya
S. Cetinkaya, Texas A&M University
R. Chambers, University of Maryland
L. Chavez Bedoya, Northwestern University
L. Chen, Duke University
N. Chen, the Chinese University of Hong Kong
S. Chen, Nanyang Technological University
S. Chen, University of California, Berkeley
X. Chen, Chinese Academy of Sciences
X. Chen, University of Illinois at Urbana–Champaign
Y. Chen, Harvard University
Y. Chen, the Chinese University of Hong Kong
Y. Chen, University of California, Berkeley
Z.-L. Chen, University of Maryland
K. Cheung, Hong Kong University of Science and Technology
W.-C. Chiang, University of Tulsa
S. Chick, INSEAD
J. Chod, Boston College
S. Choi, Rutgers University
M. Chou, National University of Singapore
L. Chu, University of Southern California
D. Cinzia, University of Bologna
I. Cohen, Technion–Israel Institute of Technology
A. Cohn, University of Michigan
R. Cont, Columbia University
D. Conway, Dartmouth College
W. Cooper, MITRE/CAASD
W. Cooper, University of Minnesota
J. Correa, Universidad de Chile
P. Cramton, University of Maryland
A. Creti, Università Bocconi
K. Croxton, Ohio State University
J. Cruz, University of Connecticut
G. Curry, Texas A&M University
D. Czerwinski, San Jose State University

D

M. Dada, the Johns Hopkins University
C. Daganzo, University of California, Berkeley

K. Dagdalen, Colorado School of Mines
W. Dai, Nanjing University
M. Daskin, University of Michigan
L. Davis, North Carolina A&T State University
M. Davison, University of Western Ontario
M. Dawande, University of Texas at Dallas
R. Day, University of Connecticut
S. Dayanik, Princeton University
B. Dean, Clemson University
L. Debo, University of Chicago
G. DeCroix, University of Wisconsin
A. G. de Kok, Technische Universiteit Eindhoven
E. Delage, HEC Montréal
M. Dell'Amico, Università di Modena e Reggio Emilia
P. Delquie, George Washington University
V. DeMiguel, London Business School
N. Deng, China Agricultural University
X. Deng, City University of Hong Kong
S. Deo, Northwestern University
B. De Reyck, London Business School
G. Desaulniers, GERAD
V. Deshpande, Purdue University
N. Devanur, Microsoft Research
K. De Witte, University of Leuven
F. Dexter, University of Iowa
M. Diaby, University of Connecticut
N. Dimitrov, University of Texas at Austin
Q. Ding, Singapore Management University
S. Dirkse, GAMS Development Corp.
G. Dobson, University of Rochester
M. Dogru, Alcatel-Lucent
C. Donnelly, Swiss Federal Institute of Technology Zurich
D. Down, McMaster University
Z. Drezner, California State University, Fullerton
D. Du, University of New Brunswick
D.-Z. Du, University of Texas at Dallas
A. Dukes, University of Southern California
J. Dupacova, Charles University, Prague

E

M. Ehrgott, University of Auckland
L. El Ghaoui, University of California, Berkeley
K. Engel, University of Rostock
S. Erat, University of California, San Diego
O. Ergun, Georgia Institute of Technology
G. Erickson, University of Washington
A. Ernst, Commonwealth Scientific and Industrial Research Organisation

F

U. Faigle, Universitaet Koeln
X. Fang, University of Wisconsin, Milwaukee
A. Farahat, Cornell University
V. Farias, Stanford University
S. Fay, Syracuse University
F. Feinberg, University of Michigan
J. Feinstein, Yale University
Q. Feng, University of Texas at Austin
T. Feng, Fudan University
M. Ferguson, Georgia Institute of Technology
E. Fernandez, University of Cincinnati
P. Fernhead, Lancaster University
E. Feron, Georgia Institute of Technology
M. Figliozzi, Portland State University
L. Fleischer, Dartmouth College

P. Forsyth, University of Waterloo
B. Fowler
K. Fridgeirsdottir, London Business School
G. Fruchter, Bar-Ilan University
M. Fry, University of Cincinnati
M. Fu, University of Maryland
A. Fuegenschuh, Technische Universiteit Eindhoven
R. Fukasawa, University of Waterloo
B. Fung, London Business School
E. Furman, York University

G

G. Gallego, Columbia University
J. Gallien, Massachusetts Institute of Technology
N. Gans, University of Pennsylvania
L. Gao, University of California, Riverside
A. Garcia, University of Virginia
A. Garnaev, St. Petersburg State University
G. Gaukler, Texas A&M University
V. Gaur, Cornell University
N. Gautam, Texas A&M University
A. Gavius, Ben Gurion University
S. Gavirneni, Cornell University
J.-P. Gayon, Institut Polytechnique de Grenoble
E. Gel, Arizona State University
B. Gendron, University of Montreal
F. Ghassemi, University of British Columbia
A. Ghate, University of Washington
A. Ghosh, Iowa State University
S. Ghosh, IBM
F. Gianluca, Università degli Studi del Piemonte Orientale
D. Giannone, European Central Bank
G. Gilbo, Volpe Center
K. Girotra, University of Pennsylvania
P. Glasserman, Columbia University
A. Goel, Case Western Reserve University
S. Goettlich, University of Kaiserslautern
N. Goldberg, Technion-Israel Institute of Technology
R. Goldstein, University of Minnesota
C. Gollier, University of Toulouse
M. T. Gonzalez Perez, Northwestern University

M. Gothe-Lundgren, the Swedish National Road and Transport Research Institute
M. Goyal, University of Utah
W. Grassmann, University of Saskatchewan
D. Green, Adelaide University
L. Green, Columbia University
R. Griffin, Texas A&M University
H. Groenevelt, University of Rochester
I. Grossmann, Carnegie Mellon University
M. Gumus, McGill University
O. Gunluk, IBM
P. Guo, Hong Kong Polytechnic University
X. Guo, Sun Yat-Sen University
X. Guo, University of Minnesota
D. Gupta, University of Minnesota
S. Gupta, Simon Fraser University
H. Gurnani, University of Miami
I. Gurchich, Northwestern University

H

B. Hajek, University of Illinois at Urbana-Champaign
R. Hampshire, Carnegie Mellon University
J. Hartman, University of Florida

J. Hasenbein, University of Texas at Austin
S. Hasija, INSEAD
G. Hasle, SINTEF ICT
M. Haugh, Columbia University
K. Hausken, University of Stavanger
S. He, the Chinese University of Hong Kong
X. He, University of North Carolina, Charlotte
N. Heard, Imperial College London
A. Heching, IBM
B. Heidergott, Vrije Universiteit
A. Heindl, University of Erlangen-Nuremberg
S. Heinz, Zuse Institute Berlin
R. Henrion, Weierstrass Institute
H. Hernandez-Perez, Universidad de La Laguna
M. Hewitt, Rochester Institute of Technology
J. Hight, Ohio State University
R. Hoffman, Metron Aviation
R. Hohzaki, National Defense Academy
D. Honhon, University of Texas at Austin
D. Howard, Emory University
J. Hu, State University of New York, Stony Brook
M. Hu, University of Toronto
Q. Hu, Purdue University
X. Hu, Indiana University
B. Huang, National University of Singapore
Z. Huang, Adelphi University
J. Hugonnier, Columbia University
W. Huh, University of British Columbia
W. Hurley, Royal Military College

I

T. Iida, Komazawa University
B. Iung, Nancy University
J. Ivy, University of Michigan
G. Iyengar, Columbia University
G. Iyer, University of California, Berkeley

J

S. Jacobson, University of Illinois at Urbana-Champaign
K. Jain, Microsoft Research
G. Janakiraman, University of Texas at Dallas
A. Jean-Marie, Institut National de Recherche en Informatique et en Automatique
O. Jennings, Duke University
H. Jiang, University of Cambridge
R. Johari, Stanford University
A. Johnson, Texas A&M University
V. R. Jose, Georgetown University
Y. Joshi, University of Maryland
O. Jouini, Ecole Centrale Paris
K. Judd, Stanford University
S. Juneja, Tata Institute of Fundamental Research
E. Jurczenko, ESCP EUROPE

K

S. Kachani, Columbia University
W. Kang, Carnegie Mellon University
R. Kapuscinski, University of Michigan
I. Karaesmen, University of Maryland
A. Karaivanov, Simon Fraser University
R. Kasimbeyli, Izmir University of Economics
D. Kc, University of Pennsylvania
A. Keha, ExxonMobil
F. Kelly, University of Cambridge
E. Kemahlioglu Ziya, University of North Carolina, Chapel Hill
