With 12,500 members from nearly 90 countries, INFORMS is the largest international association of operations research (O.R.) and analytics professionals and students. INFORMS provides unique networking and learning opportunities for individual professionals, and organizations of all types and sizes, to better understand and use O.R. and analytics tools and methods to transform strategic visions and achieve better outcomes. For more information on INFORMS, its publications, membership, or meetings visit <http://www.informs.org>

## *Appreciation to Referees*

THE EDITOR and Associate Editors take this opportunity to thank the following persons who have acted as referees during the period 1964–1968. *Operations Research*, and the authors of many of the papers published in it, have benefitted greatly from their carefully critical reviews. Without their cooperation it would be impossible for the SOCIETY to publish a journal of high professional standard.

### REFEREES 1964–1968

ACKOFF, RUSSELL L., *University of Pennsylvania*
