Please scroll down for article—it is on subsequent pages

With 12,500 members from nearly 90 countries, INFORMS is the largest international association of operations research (O.R.) and analytics professionals and students. INFORMS provides unique networking and learning opportunities for individual professionals, and organizations of all types and sizes, to better understand and use O.R. and analytics tools and methods to transform strategic visions and achieve better outcomes. For more information on INFORMS, its publications, membership, or meetings visit <http://www.informs.org>

APPRECIATION TO 2004 REFEREES

The Editorial Board would like to thank the following individuals who acted as referees for papers considered or published during the 2004 calendar year. Without their assistance, it would be impossible for INFORMS to publish a journal of high professional standards.

A

P. Afeche, Northwestern University
H. S. Ahn, University of Michigan
R. Akella, State University of New York, Buffalo
D. Allard, Institut National de la Recherche Agronomique (INRA)
K. Altinkemer, Purdue University
A. Angelus, Integral Strategic Solutions
J. Apurva, University of Washington
B. Ata, Northwestern University
A. Atamtürk, University of California, Berkeley
J. Atlason, University of Michigan
G. Aydin, University of Michigan
H. Ayhan, Georgia Institute of Technology

B

A. Barnett, Massachusetts Institute of Technology
A. Bassamboo, Stanford University
M. Baucells, Universidad de Navarra
F. Bernstein, Duke University
D. Biel, University of Michigan
V. Bier, University of Wisconsin, Madison
J. Birge, University of Chicago
E. Bish, Virginia Polytechnic Institute and State University
A. Bodapati, University of California, Los Angeles
E. A. Boyd, PROS Revenue Management
J. Bradley, Cornell University
A. Burnestas, Case Western Reserve University
J. Butler, Ohio State University

C

G. Cachon, University of Pennsylvania
M. Cakanyildirim, University of Texas, Dallas
R. Caldentey, New York University
J. Calvin, New Jersey Institute of Technology
S. Carr, University of California, Los Angeles
S. Cetinkaya, Texas A&M University
A. Chan, Virginia Polytechnic Institute and State University
C.-H. Chen, George Mason University
F. Chen, The Chinese University of Hong Kong
X. Chen, University of Illinois, Urbana-Champaign
F. Cheng, IBM
J. Chod, University of Rochester
M. Chou, National University of Singapore
S. Cohen Shneorson, Stanford University

W. L. Cooper, University of Minnesota
J.-F. Cordeau, Ecole des HEC

D

E. Dahan, University of California, Los Angeles
M. Daskin, Northwestern University
S. Dasu, University of Southern California
I. de Farias, State University of New York, Buffalo
F. de Vericourt, Duke University
G. DeCroix, Duke University
V. Deshpande, Purdue University
D. Dey, University of Washington
K. Donahue, University of Minnesota
L. Dong, Washington University
U. Doraszelski, Harvard University
I. Duenyas, University of Michigan
J. Dupacova, Charles University
J. Dyer, University of Texas, Austin

E

S. Elloumi, Conservatoire National des Arts et Métiers
W. Elmaghraby, Georgia Institute of Technology
O. Ergun, Georgia Institute of Technology
M. Ettl, IBM T. J. Watson Research Center

F

Y.-A. Fan, Frank Russell Company
R. Fare, Oregon State University
A. Federgruen, Columbia University
S. Felsner, Technical University of Berlin
M. Ferguson, Georgia Institute of Technology
K. Frauendorfer, University of St. Gallen
T. Friesz, Pennsylvania State University
M. Fu, University of Maryland, College Park

G

S. Gal, Haifa University
G. Gallego, Columbia University
J. Gallien, Massachusetts Institute of Technology
D. Gamarnik, Massachusetts Institute of Technology
N. Gans, Pennsylvania State University
A. Gascon, Université Laval
S. Gass, University of Maryland
S. Gavirneni, Cornell University
G. Gentile, Università di Roma
B. Golany, Israel Institute of Technology
A. Goldman, John Hopkins University
A. Grigoriev, Maastricht University

S. Guikema, Cornell University
R. Gullu, Middle East Technical University
D. Gupta, University of Minnesota
M. Gurbuz, University of Washington

H

A. Ha, Hong Kong University of Science and Technology
N. G. Hall, Ohio State University
Q.-M. He, Dalhousie University
A. Heching, IBM Research
Y. Herer, Technion Israel Institute of Technology
W. Herroelen, Katholieke Universiteit Leuven
T. Homem-de-Mello, Northwestern University
W. Howell, University of Maryland
V. N. Hsu, George Mason University

I

K. Inderfurth, Otto von Guericke University Magdeburg
S. M. R. Irvani, Northwestern University

J

G. Janakiraman, New York University
R. Jans, Erasmus University
N. Joglekar, Boston University
S. G. Johansen, University of Aarhus
B. Johnson, Vivecon

K

S. Kachani, Columbia University
J. Kalagnanam, IBM Research
J. Kalvenes, Southern Methodist University
P. Kaminsky, University of California, Berkeley
B. Kamrad, Georgetown University
R. Kapuscinski, University of Michigan, Ann Arbor
F. Karaesman, Koc University
I. Karaesmen, University of Maryland
P. Kelle, Louisiana State University
J. Keppo, University of Michigan
C. Kirkwood, Arizona State University
J. Kleijnen, Tilburg University
A. Kleywegt, Georgia Institute of Technology
O. Koenigsberg, Columbia University
G. Kok, Duke University
P. Kolesar, Columbia University
M. Kostreva, Clemson University
A. Krishnamurthy, Rensselaer Polytechnic Institute
S. Kumar, Stanford University

L

M. Lariviere, Northwestern University
R. Larson, Massachusetts Institute of Technology

T. Lawphongpanich, University of Florida
J.-P. Lebacque, Institut National de Recherche sur les Transports et Leur Securite
E. Lee, Georgia Institute of Technology
Y. Levin, Queen's University
L. Li, Yale University
S. Li, Adelphi University
Z. Lian, University of Macau
W. Lieberman, Veritec Solutions
L. Liu, Hong Kong University of Science and Technology
M. Lobo, Duke University
Y. Lu, IBM T. J. Watson Research Center

M

O. Madsen, Technical University of Denmark
C. Maglaras, Columbia University
M. Mahut, INRO Consultants Inc.
P. Marcotte, Université de Montréal
M. Marklund, University of Colorado
J. McGill, Queen's University
A. Mehrotra, University of Miami
V. Merlin, Université de Caen
R. Metters, Emory University
A. Miller, University of Wisconsin
E. Miller-Hooks, University of Maryland
A. Mingozzi, University of Bologna
S. Minner, University of Mannheim
I. Moon, Pusan National University
A. Muharremoglu, Columbia University
A. Muriel, University of Massachusetts, Amherst
S. Murray, Frank Russell Company

N

S. Naeher, University of Trier
M. Nagarajan, University of British Columbia
R. F. Nau, Duke University
S. Netessine, University of Pennsylvania
M. A. Noor, Etisalat College of Engineering

O

T. L. Olsen, Washington University, St. Louis
L. Ormeci, Koc University
J. Ou, National University of Singapore

P

R. Parker, Yale University
D. Parkes, Harvard University
N. Petruzzi, University of Illinois, Urbana
E. Pinker, University of Rochester
E. Plambeck, Stanford University
S. M. Pollock, University of Michigan
M. C. Portela, Universidade Católica Portuguesa
M. Posner, Jerusalem College of Technology
R. Powers, University of Louisville
S. Provan, University of North Carolina, Chapel Hill
M. Puterman, University of British Columbia

R

S. Raghavan, University of Maryland
K. Rajarum, University of California, Los Angeles
U. Rao, University of Cincinnati
M. Regenwetter, University of Illinois,
 Urbana-Champaign
T. Reilly, Babson College
M. Reiman, Bell Laboratories Lucent Technologies
R. Righter, University of California, Berkeley
T. Roemer, Massachusetts Institute of Technology
D. Romero-Morales, University of Oxford
J. Rosenberger, University of Texas, Arlington
K. Rosling, Växjö University
M. Rothkopf, Rutgers University
A. Rubinov, University of Ballarat
J. Ruggiero, University of Dayton
S. Ryan, Iowa State University

S

S. Savin, Columbia University
M. P. Scaparra, University of Kent
A. Scheller-Wolf, Carnegie Mellon University
J. Semple, Southern Methodist University
S. Seshadri, New York University
J. Sethuraman, Columbia University
K. Shang, Duke University
G. Shanthikumar, University of California, Berkeley
L. Shi, University of Wisconsin, Madison
H. Duk Shin, Stanford University
R. Shumsky, University of Rochester
K. Sigman, Columbia University
D. Simchi-Levi, Massachusetts Institute of Technology
A. Sinha, University of Michigan Business School
M. Sobel, Case Western Reserve University
S. Sommer, INSEAD
G. Susic, University of Southern California
C. Sox, University of Alabama
M. Spearman, Texas A&M University
F. Spiekma, Katholieke Universiteit Leuven
S. Spinler, Otto Beisheim Graduate School of
 Management
S. Stidham Jr., University of North Carolina, Chapel Hill
A. Stolyar, Bell Labs
L. Stone, Metron Inc.
D. Sun, Lingnan University
D. Sun, Notre Dame University
P. Sun, Duke University
J. Swann, Georgia Institute of Technology
M. Sylvanus, Frank Russell Company

T

D. Teneketzis, University of Michigan
C. Terwiesch, University of Pennsylvania

E. Thanassoulis, Aston University
A. Thiele, Lehigh University
L. Thomas, University of Southampton
W. Thomas, Harvard University
B. Tomlin, University of North Carolina, Chapel Hill
S. Tompaidis, University of Texas, Austin
H. Topaloglu, Cornell University
T. Tunca, Stanford University
M. Tzur, Tel Aviv University

V

G. Vairaktarakis, Case Western Reserve University
M. van Assen, Erasmus University
G.-J. van Houtum, Eindhoven University of Technology
B. Van Roy, Stanford University
G. van Ryzin, Columbia University
L. G. Vargas, University of Pittsburgh
S. Velan, Zero Knowledge Solutions
D. Vlachos, Aristotle University
R. Vohra, Northwestern University
G. J. Vulcano, New York University

W

S. Wallace, Molde University College
Y. Wang, University of Cincinnati
A. Ward, Georgia Institute of Technology
A. Washburn, Naval Postgraduate School
E. A. Wasil, American University
K. Wee, University of North Texas
W. Whitt, Columbia University
J. R. Wilson, North Carolina State University
G. Woeginger, University of Twente
R. Wong, UPS Inc.

X

C. Xia, IBM Research
W.-Q. Xiao, Columbia University
S. Xu, Pennsylvania State University

Y

T. Yahalom, Stanford University
J. Yang, New Jersey Institute of Technology
X. Yang, The Hong Kong Polytechnic University

Z

A. Zeevi, Columbia University
F. Zhang, University of California, Irvine
J. Zhang, Tulane University
Y. Zhao, Rutgers University
Y.-S. Zheng, University of Pennsylvania
J. Zhu, Worcester Polytechnic Institute
U. Zimmermann, Technische Universität Braunschweig
P. Zipkin, Duke University
