CALL FOR PAPERS

ORSA/TSS WORKSHOP

Automated Techniques for Scheduling of Vehicle Operators for Urban Public Transportation Services

April 27, 28, and 29, 1975
Palmer House, Chicago

This workshop deals with the development and application of automated techniques for the scheduling of vehicle operators for urban public transportation services.

The Urban Mass Transportation Administration, American Transit Association, and Union Internationale des Transports Publics are cooperating with ORSA/TSS to assure the workshop's success.

Authors are invited to propose papers dealing principally with the following areas:

- Heuristic and mathematical programming approaches to the assignment of vehicle operators
- Strategies for crew rotation schedules
- Interactive computer methods
- Reviews of implementations of automated scheduling systems
- Costs and benefits of automated techniques; comparisons with manual scheduling techniques

Interested authors should submit abstracts not in excess of 600 words by November 1, 1974 and full manuscripts by January 1, 1975.
